

Introducing

Video Proximal Interpreting™ (VPI)

- Deaf and deafblind consumers and interpreters are **free to choose** their own placement, seating and positioning
- Two iPads & the Internet **connect consumers with interpreters**
- In educational, workplace and other group settings, deaf and deafblind consumers can **participate and interact** in a new way

Seeking pilot testers:

- deaf & deafblind consumers
- hearing & deaf interpreters
- hearing consumers
- interpreting agencies

For pilot testing, questions, demos, consulting and assignments, please contact:
